My dear Members of Georgia Mothers Committee:

In compliance with Nomination Form for Mother of State of Georgia 1976, page 3, under item number 5, I am enclosing a listing by years (beginning with the current year 1975) of the activities and contributions I have tried to make in each of the four (4) categories of Religion, Education, Civic, and Government.

As my children grew from babyhood into adults through preschool days, church, school and community life, college days and then into homes of their own, my activities were primarily centered in our home and in their guidance and development into wholesome, responsible, Christian adults and citizens. I trust the biographies of them, enclosed herewith, will bear witness to the "results" called for on page 3, item number 5.

I am grateful and honored to participate as nominee of Sandy Springs Woman's Club to your Georgia Mothers Committee.

Very sincerely yours,

Kathryn T. Dunaway
